Request for Private Surveillance Camera Information

The people of Sheridan have always been willing to help their fellow community members and the Sheridan Police Department. The department is launching a new program and requests the assistance of our community team.

Many of our residents and businesses have installed on site cameras that record video footage. This video footage could help solve a crime, but investigators may not know the footage exists or one may not know of the crime being investigated to volunteer it. To bridge this gap the detective division of the SPD would like to solicit information to create a contact list of video sources.

We invite our community to share contact information and what cameras record. Then in the future, if it is believed a camera may have relevant footage one could be contacted by the PD and asked about any video in existence.

IF YOU HAVE ANY QUESTIONS, PLEASE CALL THE SHERIDAN POLICE DEPARTMENT AND ASK FOR THE PUBLIC INFORMATION OFFICER – (SHERIDAN) 672-2413

The Sheridan Police Department is not requesting login information or access to any camera system. We will only use privately provided surveillance footage to investigate crimes.

We think this could be a great way to continue to work together to prevent and solve crime in our city. If you would like to be a part of this or have more questions contact Lt. James Hill at jhill@sheridanwy.gov or 307-672-5605.
